LARGE PAPER CAPACITY

The FO-3150 facsimile's adjustable 200-sheet paper capacity meets the growing needs of even the busiest offices. With the efficient 20-sheet automatic document feeder, you can simply insert your documents, dial, and walk away—reducing the time spent at the fax. Plain paper laser output allows you to easily mark, file, or re-fax documents without having to copy them first. And with its small footprint, the FO-3150 is compact—so it fits almost anywhere.

EFFICIENCY THAT REALLY ADDS UP

The Sharp FO-3150 facsimile delivers added productivity with a myriad of time-saving features. Equipped with 10 rapid dials, 89 speed dials, and a phonebook search feature, you'll never have to manually dial a fax number. The 14.4 Kbps modem transmits faxes at an efficient six-seconds per page. Plus, the FO-3150 delivers advanced features including serial broadcasting, group dialing, automatic redial, and letter-to-legal receive reduction—all designed to save time and increase your productivity.

INCREASED MEMORY CAPACITY

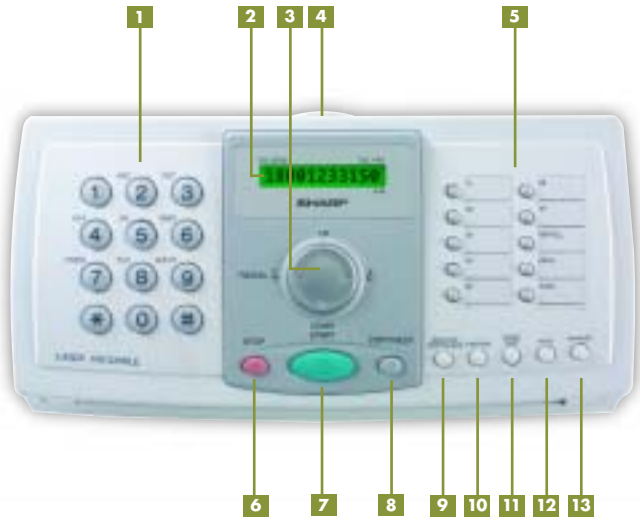

With 1.8 MB of memory, the Sharp FO-3150 can store up to 100 pages. Increased memory, plus the out-of-paper reception, means you'll never miss an important fax—even if the paper supply runs out.

EXCEPTIONAL IMAGE QUALITY

With superfine resolution, 64-level halftone control, and automatic contrast control, the FO-3150 transmits documents with crisp detail—so legibility is never an issue. With print resolution of 600 dpi, incoming faxes look almost as good as the original!

ADDED FUNCTIONALITY

The FO-3150 facsimile delivers several innovative features designed for today's busy office. The Zoom Copy Mode with seven presets allows you to copy documents from 50%-200%. Management Reports help you maintain accurate fax records. The Anti-Junk Fax key enables you to block out unsolicited mail. Additional features include Distinctive Ring Detection for up to four different numbers on one phone line for simple, plug and play operation.³
